Address: **Camas**
Price: **900.00 \$**

This freestanding gas oven has the innovative flex duo ovens allowing you to have the option of one, or two oven spaces set at different temperatures to cook different foods, both with convection fan. The burners have great spacing with an oval burner in the middle for griddle cooking, griddle included, and an additional wok grate. The over the range microwave perfectly matches the range and has multiple features with a lot of space, 2.1CuFt, shelf rack included. They are both in great condition; only in use for less than one year. Decided to do full kitchen remodel with higher end appliances and now need to sell these. Prefer to sell them together since they match perfectly, but will consider splitting. Combined price only \$900.00

Samsung 5.8CuFt GAS Double Oven Flex Duo Range with True Convection in Stainless Steel. \$800.00 if by itself.

Samsung 2.1CuFt Over-the-Range Microwave with Sensor Cook in Stainless Steel. \$250.00 if by itself.
